"Jo was: - patient - kind-hearted - supportive- accommodating - resourceful (finding resources to break down concepts I struggled with e.g.. semicolons, colon activity/ video). - willing to learn with me (words or things we were unsure of we worked towards conquering together) and - encouraging

Jo also: - helped build my confidence back up, - was willing to break things down and let me interpret them on my own I can 'hand on my heart' say I believe Jo's dedication to our tutoring sessions is why I achieved the standard.

Having previously failed the exam, I contacted Master Coaching and Tuition. Elizabeth directed me to Jo. Jo was nothing short of amazing: she was patient, supportive and accommodating. Jo had my best interests at heart, always boosting my confidence and breaking down any fears I had, in regards to the exam. I believe her tutoring is what helped me cross the line for my LANTITE Literacy exam."

Thank you very much. The (LANTITE Literacy Study Package) materials you have provided/suggested for exam preparations have been very helpful.

Thank You so much for your help. Really appreciated. I did both of the (LANTITE Literacy Practice Exams) tests that I had purchased from you...I'm more confident this time than last window. Thank You so much once again.

They (the LANTITE Literacy Practice Exams) were excellent. Thank you.

Your materials (LANTITE Literacy Webinars) have helped quite a lot...The websites were helpful for cracking down on specific topics. Thank you again for all your help! I really appreciate it!

Thank you so much, Elizabeth, for helping me with my LANTITE Literacy Exam

Preparation. She not only taught me comprehension and technical skills strategies, but she also gave me the confidence I needed to sit this exam. Her webinars are super helpful and her explanations are clear and concise.

Thanks for such a great (Free LANTITE Literacy and Numeracy Webinar) session! I'm feeling much more relief now that I have some support available!

Truthfully, I will forever be grateful for all your help (in successfully passing the exam), even just de stresser test tips on how to break down questions, I have some life time hints and tips from you so thank you always. 😊

K., LANTITE Literacy Student, August 2021.

So grateful to have had you help me pass my LANTITE Literacy Exam prior to my final year of university. Hard work pays off.

M., LANTITE Literacy Student, August 2021

Thank you! I really enjoyed the (LANTITE Literacy Group Tuition course) session and seeing all the other colleagues. Thanks for the resources; hopefully I feel confident to sit the test.

Thank you, Elizabeth, for your help with my LANTITE exams. I reached out for my Literacy exam first and Elizabeth provided some free resources for me. For my Numeracy exam I brought a practice exam and was able to use this to successfully pass. If I had not passed I would have gone back and purchased one-on-one tutoring or a workshop from her and the team. It's not only the resources and information Elizabeth gives, it's the extra support.

Nothing is too much trouble and she checks in when she can to offer that extra support.

Although I have passed both tests and my journey with LANTITE has finished I will continue to highly recommend this business for LANTITE preparations. Thank you. 🙏

Thanks to your (LANTITE Literacy) tutoring, my academic writing for assignments has improved immensely. The last two assignments submitted have said that my work was free from grammatical and spelling errors and reads well. This was all from proof reading I did myself. I wouldn't be getting marks like that without your help. I now feel so much more confident in my writing. I was getting good marks beforehand, but this saw my grades increase from distinction and high distinction marks go to 90 and above marks. Last week I got 96% and I've never been so proud. 😊

A., LANTITE Literacy Student, September 2021

I just want to let you know that I have passed my LANTITE. Thankyou for your amazing resources.

H., LANTITE Literacy Student, September 2021.

I am super excited to say that I passed both (LANTITE Literacy and Numeracy Exams)!!!

That is sitting both on the same day, in the end, with no break between, due to technical difficulties. Thank you both very much. The more I think about this, the happier I am; not only did I pass, I feel as though I passed well. And to top it off - first attempt, on the same day, four straight hours of exams with no breaks... I felt like a zombie after numeracy and look off where I landed 🙏. Literacy, always going to be more difficultly with different

writing styles, etc, still happy with my results there too. Thank you all very much once again. 😊

M., LANTITE Literacy Student, September 2021

Thank you for your (LANTITE Literacy) resources and materials; they were really useful and helped me in passing my LANTITE Literacy Exam!

By far the best company for LANTITE. I felt very comfortable with Dylan and in the first session he said to me, 'There are no stupid questions.' From then on I was able to ask questions without feeling anxious. I am a person that doesn't enjoy Maths but I began to like the sessions because everything was simplified.

“Jo was: – patient – kind-hearted – supportive – accommodating – resourceful (finding resources to break down concepts I struggled with e.g.. semicolons, colon activity/ video) – willing to learn with me (words or things we were unsure of we worked towards conquering together) – encouraging

Jo also: – helped build my confidence back up – was willing to break things down and let me interpret them on my own. I can ‘hand on my heart’ say I believe Jo’s dedication to our tutoring sessions is why I achieved the standard.

Having previously failed the exam, I contacted Master Coaching and Tuition. Elizabeth directed me to Jo. Jo was nothing short of amazing: she was patient, supportive and accommodating. Jo had my best interests at heart, always boosting my confidence and breaking down any fears I had, in regards to the exam. For my Numeracy exam I brought a practice exam and was able to use this to successfully pass. If I had not passed I would have gone back and purchased one-on-one tutoring or a workshop from her and the team. It's not only the resources and information Elizabeth gives, it's the extra support. Nothing is too much trouble and she checks in when she can to offer that extra support. Thank you both very much. The more I think about this, the happier I am; not only did I pass, I feel as though I passed well. And to top it off – first attempt, on the same day, four straight hours of exams with no breaks... I felt like a zombie after numeracy and look off where I landed 🦋. Literacy, always going to be more difficultly with different writing styles, etc, still happy with my results there too. Thank you all very much once again. 😊" (M., LANTITE Literacy Student, September 2021.)

"I started my uni degree in 2013, part-time as a mature-age student. I was doing two subjects a semester as I was working full-time, with a husband that was not well and two young boys. I had always struggled growing up, English being my second language and I was so happy that I could even do the uni course as I'm not academic at all. So after years of study they decided to introduce the LANTITE, to my horror, as I had not done Maths or English since 1992. I struggled, then fortunately, on my fourth attempt, I came across Master Coaching and Tuition and was able to pass my LANTITE Literacy. The helpful hints, the knowledge and the practice exams certainly helped (me to) get over the line I needed to complete my degree. I wish I had known about Elizabeth in my first attempt as the skills she shared were invaluable. Thankyou for helping me achieve my goal. I'm truly grateful for all your help." (R., January, 2022.)

Before I found this tutoring company, I had a couple of face-to-face tuition lessons (with other companies) and both didn't work out. I connected with Elizabeth through a friend's recommendation and started having classes in May 2021. This was my third attempt and I was very nervous to sit the (LANTITE Literacy) exam. Elizabeth helped me through all the way to November with an amount of resources and practice tests, which made me confident to sit the exam. 'I had Noshin's support and guidance throughout my LANTITE Literacy studies for my fifth attempt. She made me realise that I was second-guessing myself and needed to have confidence in myself to understand the basics of literacy. She worked with me through reading exercises and the different techniques I needed to gather information for questions, as well as the technical skills of writing. The webinars prior to the lessons made me aware of the importance of focus and having a clear mind before actually commencing study. My results reflect your high-quality service and I would not have achieved these results without you. Thank you.' A., April, 2022.
